Business Consultant / Information Technology (IT) Specialist – Entry L

Introduction
At IBM, work is more than a job - it's a calling: To build. To design. To code. To consult. To think along with clients and sell. To make markets. To invent. To collaborate. Not just to do something better, but to attempt things you've never thought possible. Are you ready to lead in this new era of technology and solve some of the world's most challenging problems? If so, lets talk.

Your Role and Responsibilities
At IBM we know technology. But technology is only as good as the results it delivers. Are you interested and adept in application development methodology and tools? The IBM Services Centre: Nova Scotia occupies a unique position in the IT marketplace – at the intersection of business and technology. This Global Service Centre provides services to leading edge clients who are looking for a unique, Canada – based capability to design, develop and support their mission-critical applications.

As a member of our team, you will help clients solve some of their most challenging business problems, capitalize on market opportunities and achieve real value in today's tough economy.

The Business Consultant / Information Technology (IT) Specialist roles are embedded into a variety of our business solutions and opportunities. Business Consultants are involved in business analysis, project management and support, as well as solution design for client engagements. IT Specialists are involved in the design and development of applications to meet client requirements, in addition to preparing executing various test cases. As part of our team, you will be able to leverage the advanced methodologies, tools and procedures that only a global leader like IBM can provide. You will also have the opportunity to develop new custom applications and solution designs to broaden your skills and grow your career in the IT and business communities.

What will the role offer you?
- The opportunity to work with top IBM clients from around the world
- The chance to live and work in Nova Scotia, Canada
- Exceptional training and on-going learning and development opportunities
- Multiple career growth opportunities

- A supportive work environment
- Competitive salary and benefits

We are hiring year round, so if you are looking for an impactful and rewarding career in an exciting fast paced work environment – apply today!
